

COMPETITION WORKSHOPS

Earlier this year at roadshows around the country, we heard a lot of feedback about competitions. Whilst we've made some changes for this season, we recognise there is much more to discuss, and we'd like to get your input...

To do so, we are running **7 webinars in October** covering:

- Men's & Women's league rugby,
- Men's merit league / social rugby,
- 16–18-year-old rugby boys & Girls.

We welcome views from anyone interested in shaping competitions in the above areas of the game and especially from club officials, coaches, team managers, referees and players: If you are interested...

1. Please sign up to one webinar date:
2. indicate the area of the game you have most interest or expertise in.
3. After a general introduction we will move people to breakout rooms to discuss in detail these subject areas.

Following the webinars feedback will be reviewed & opportunities explored alongside competition organisers and clubs to outline what can be implemented.

We look forward to seeing you in October!
